

## RUM

Rum  
48%

### Description:

This rum is distilled twice from sugar cane molasses using our fruit brandy expertise. The distillate is matured in new American Oak barrels and is allowed to mature until it suits our quality standards for taste and harmony. The sweet notes of the distillate are perfectly rounded off by the sweetness from the new barrels.

But that's the only sugar allowed in our rum. Although added sugar would make the rum fuller and more pleasing, it would also take away much of its typical character. We attach importance to the fact that our rum – in contrast to many well-known rum brands – is not sweetened.

### Nose:

strong typical rum ester, smooth wooden sweetness, vanilla, slightly smokey, banana, a touch of coffee

### Palate:

rum ester, banana, bitter chocolate, vanilla, dried fruit, full body, long-lasting warming finish
